

November 11, 2008

Dear Parents and Guardians of Juniors,

The junior year is a time for decision and planning. It is also a time to assess and revise your son's educational future.

College is an important step, and with college costs rising steadily, it can be an expensive one. With this in mind, I am sure as parents and guardians you will have a lot of questions. I am inviting **you and your son** to attend a seminar outlining the process.

The meeting will take place in Tech Hall on **Wednesday, December 3rd** and will begin promptly at 6:30 p.m. and last approximately two and a half hours. This presentation is a combination of the student and parent presentations I have done in the past, which some of you may have attended.

Guest speakers who will discuss the college options available to your son have been invited, and in order to ensure adequate seating and distribution of materials I ask you to **complete the reply slip** and ask your son to return it as soon as possible to me.

I look forward to seeing you in December as we work together to make this transition from high school to college as successful as possible. If you have any questions you may call me at 626-940-2115.

Sincerely,

Hilary Preston
Counselor

Junior Parents' Seminar
